# KEEP YOUR PROFITS. ELIMINATE HEADACHES. FIND A PARTNER YOU CAN TRUST.

## Want to **KEEP YOUR PROFITS?** Partner with **GMIS**, an expert in food retail insurance.

Slips and falls caused by dropped grapes, coffee beans, and other spills are the most frequent grocery store liability claims, and cost millions of dollars each year.

Most companies worry about fires and floods interfering with business. But retailers have to worry about more than the big losses. Retailers face the everyday risk of inviting the public into their stores. And, it's everyday risk, left unchecked, that can subtly erode a store's profits.

GMIS knows grapes, coffee beans, food handling, retail crime and more. We will help you eliminate hazards that result in costly property, liability and workers compensation claims. Our grocery-expert consultants and training resources will give you tools to infuse safety throughout your store - starting with your leaders and employees.

Is your agent doing everything possible to protect your profits from everyday retail risk? If not, you owe it to yourself and your business to call the grocery insurance experts at GMIS.

## Does insurance give you a headache? **GMIS** makes it **EASY**.

**Buying insurance is never easy.** It's almost impossible to make apple-to-apple comparisons, and it really gets complicated when there's a different agent for each line of coverage. In fact, many grocers renew their policies year-after-year without knowing if they have the right insurance, just to avoid the insurance shopping headache.

**Stop the pain!** With GMIS, you can avoid the headache and get the best insurance.

GMIS does the work for you, and delivers grocery-tailored, quality, competitive protection through its vast network of insurance company partners. You no longer have to work with one agent for group health, another for workers compensation, and yet another for personal insurance. **Just call your GMIS agent for everything. It's easy, convenient and smart.**

## GMIS CAN HELP YOU WITH:

- Workers Compensation
- Property Damage
- General Liability
- Commercial Auto
- Crime Coverage
- Group Benefits
- Individual Health
- Personal Insurance
- Accident prevention & reasonable care training
